SUMMARY

A third-year Computer Science student pursuing a Bachelor of Technology, with a strong interest in full-stack web development. Proficient in building applications using both frontend and backend technologies, with a solid foundation in coding and problem-solving. Committed to continuous learning, skill development, and staying updated with modern development practices.

EDUCATION

- **Graphic Era Hill University** June 2023 – Present
Bachelor of Technology in Computer Science and Engineering Haldwani, Uttarakhand
- **Beersheba Senior Secondary School** May 2023
Secondary Education Haldwani, Uttarakhand

PROJECTS

- **Portfolio Website** June 2025
Built a fully responsive portfolio website to showcase projects, skills, and contact details
 - Implemented clean UI using Tailwind CSS with smooth navigation and section transitions.
 - Structured project sections with GitHub links and live demos for easy exploration.
 - Optimized for performance and mobile responsiveness using Vite and best practices.
- **Image Label Generator** December 2024
AI-Based Image Tagging App
 - Developed a web app that allows users to upload images and receive smart labels using AWS Rekognition for image analysis.
 - Implemented user authentication with AWS Cognito to secure image upload and access.
 - Stored uploaded images in AWS S3 and handled secure access and permissions
 - Designed a responsive frontend interface with real-time image preview and success/error feedback.
- **YelpCamp** July 2024
Full-Stack Campground Web App
 - Developed a full-stack web application that allows users to add, view, edit, and delete campgrounds with image uploads and geolocation using Mapbox
 - Implemented full user authentication and authorization using Passport.js
 - Added a review system where authenticated users can post and delete reviews on campgrounds.
 - Ensured route protection and error handling using Express middleware and Mongoose validation

SKILLS

- **Programming Languages:** Java, C
- **Web Technologies:** HTML5, CSS3, React, CSS, Node.js
- **Database Systems:** MySQL
- **Cloud & Services:** AWS S3, AWS Rekognition, AWS Cognito, EC2
- **DevOps & Tools:** Git, GitHub,
- **Other:** Data Structures & Algorithms

HONORS AND AWARDS

- **Microsoft SEFA — Participant** | *Software Engineering For All (SEFA) Program* 2025
 - Selected among the top 100 students across four campuses of Graphic Era Hill University.
- **Webathon — Winner** | *Graphic Era Hill University* 2025
 - Secured 1st place in the Web Development Hackathon.
- **College Coding Contest — Winner** | *Graphic Era Hill University* 2025
 - Won monthly coding contest by solving algorithmic challenges under time constraints.
- **Tech Club — Active Member** | *Graphic Era Hill University* 2024 – Present
 - Organized technical workshops and coding events.

CERTIFICATIONS

- AWS Cloud Practitioner Essentials Feb 2025
- LeetCode: 400+ problems solved ([diksha-kunwar](#)) 2024 – Present
